Status of Door Approval

The revision to the chapter on doors (front, back and patio) has been submitted to the RA Design Review Board. The DRB is scheduled to review the requested changes on June 28. For more information, contact Kelly Daly at kellydaly@verizon.net. The next chapter that the Covenants Committee will work on is for Sheds and Storage Boxes. New volunteers are welcome!

CRITTERS

With the arrival of warm weather, several residents have noticed the arrival of various wild animals in the cluster... along with the usual squirrels. Wild animals can mean exposure to ticks and an increased potential for rabies – a concern both for residents and for their pets.

Some resources:

- How to prevent Lyme Disease: <http://www.cdc.gov/Features/LymeDisease/>
- How to prevent rabies: <http://www.cdc.gov/Features/RabiesAndKids/>

Another way to avoid problems is to not put your trash out in bags which attract animals. Use the provided trash can or use a smaller one if you prefer. Remember, we do periodic inspections, so any bags found not in a can will be sent a letter.

Friendly Policy Reminders

- PARKING - Please remind guests to park in visitor spots. Visitors can NOT be in the spot for more than 48 hours. Double parked cars or cars parking in fire lanes will be towed.
- TRASH - Trash is picked up on Mondays and Thursdays. **Fridays is recycling only. Please remove your bin by 10am the day after trash or recycling is picked up. Periodic inspections will be done, so please help keep our community beautiful.**
- PET WASTE - Please be courteous and pick up after your pet.
- HOME EXTERIOR - The upkeep of your front yard is your responsibility. Please be a good neighbor and keep your yard free of trash, weeds, dead plants, kids toys, tools etc...

Board Information
